Doggie Due Diligence

Whether you're looking for a groomer, pet care professional or trainer, make time to research and have a list of questions ready. Websites and social media can provide insight into business philosophy. Mention any special needs your dog may have. Ask for references. If applicable ask if licensed, bonded and insured, and about contingency plans in case of emergency or natural disaster. Don't wait until the last minute; as a new client it may take extra time to set up and schedule a new account.

Pet care services can book up quickly, especially during busy holiday seasons. Your dog should be up-to-date on vaccinations and monthlies.
